LATUS HEALTH

Document No:	Date Effective:	Document Title:
HS.03.001	01 Jun 20	Environmental Management

1. SCOPE

This policy applies to all employees (both clinical and non-clinical) of Latus Health Ltd. (the “Company”).

2. PURPOSE

This policy is designed to allow the Company to comply with applicable environmental regulations and laws.

3. INTRODUCTION

The Company is the user of medical equipment, pharmaceutical products and disposable medical consumables. The Company recognises that our main adverse environmental impacts are energy and waste generation (both household and low risk hazardous waste). The Company strives to minimise any adverse environmental effects caused as a result of its activities or waste. It acknowledges responsibility for and a commitment to protection of the environment at all levels of work activities.

4. Procedure

Our commitment to reducing our environmental impact will be monitored by the following activities:

- The Company Environmental Management System
- Ensure the organisation, employees and visitors comply with the Company policies and legislation.
- Audit of Practice on an annual basis or as procedures/policies change.
- Implement processes and controls to minimise environmental issues
- Consider environmental impact when purchasing equipment/consumables or altering business practice
- Where appropriate get support from clients by providing consumables and services which are environmentally responsible.
- Promote Company employee involvement in environmental decisions at all levels.
- To reduce the generation of waste and to promote use of sustainable products.
- Ensure where possible that all waste is recycled and disposed of in a responsible manner in accordance with Company policy.

A copy of this policy statement is available from the Company head office and regular audit and inspections will be conducted to ensure the Environmental system remains effective.

5. Record Keeping and Training

Access to Company Policies and Procedures will be given at Induction. This policy will be monitored biennially by the Company to review its effectiveness and will be updated, and employees notified in accordance with any necessary changes.
